## Instructions for patients taking methotrexate

Follow your doctor's instructions carefully.

Take methotrexate weekly, not daily.

Call your doctor immediately if you take an overdose.

Call your doctor if you have a fever, cough, or shortness of breath.

Not to take methotrexate when pregnant or planning to become pregnant.

Do not take alcoholic beverages or any other drug without consulting a doctor.

Tell all the doctors you see that you are taking methotrexate.

Tell your doctor about any side effect you feel.

Do not take methotrexate in the presence of active bacterial infections, except after consulting a doctor.

Do not allow anyone else to take your medicine.
