

THE PROPER DISPOSAL OF EXPIRED OR UNUSED MEDICATIONS

Follow the following steps to dispose expired or leftover medications properly:

Pills and capsules:

- Remove all personal information on the pills bottle by:
 - Deleting all personal information on the medication label such as name, contact number and address.
 - Deleting medication name and all its details on the label.
- Empty the pill bottles or the packs.
- Mix the pills or capsules (without crushing) with other solid substance such as ground coffee or tea.
- Put the mixture in a sealed plastic bag.
- Dispose the bag in the trash.

THE PROPER DISPOSAL OF EXPIRED OR UNUSED MEDICATIONS

DISPOSE THE NEEDLES AND INJECTIONS

They are disposed of immediately after use by allocating an airtight (can) container to them and are not pierceable.

Note:

- Make sure there are places responsible for receiving finished medicines validity or not used in your area.
- If the drug is controlled, consult your doctor or pharmacist about that.
